

U.S. Soccer's CoachesNet Liability Insurance Coverage

The U.S. Soccer General Liability Insurance Program provides liability insurance coverage for active members of CoachesNet, U.S. Soccer's membership club, against claims of bodily injury liability, property damage liability and the associated costs of defending such claims.

Who is an insured and in what instance?

Coverage is applicable to active members of CoachesNet while coaching during organized league play, including practice, games and while coaching or instructing in clinics or camps, regardless of whether or not the camp has coverage.

This plan **does not** take the place of traditional liability insurance for a camp or clinic operation that covers the camp or clinic as an entity, as well as other coaches, instructors or staff. It only protects active CoachesNet members while acting in their capacity as a coach.

This plan also does not provide certificates of insurance, often required by facility owners, which name the facility as an additional insured.
