Changes Since the End of Open Division Local Qualifying for the 2020 U.S. Open Cup Tournament

The following list highlights the changes made to the Lamar Hunt U.S. Open Cup since the end of Open Division Local Qualifying for the 2020 tournament:

- Open Cup Policy revisions:
 - Section 203(a). Player eligibility — The foreign-player limit for professional teams has been eliminated. Change has been made to boost the credibility of U.S. Soccer’s National Championship by not artificially excluding a portion of a team’s duly-constituted roster from playing.
 - Section 305(a). Player and Team Official Match Discipline — Language updated consistent with changes made in 2019 to the Laws of the Game by the International Football Association Board (IFAB) regarding team officials being issued yellow and red cards.
 - Section 308(e). Cancelled and Terminated Matches — Updated to resolve possible termination scenarios more precisely.
- Both teams in a local qualifying match are now required to arrive at the field location at least 60 minutes before game time (see Team Responsibilities for Open Division Qualifying Rounds on page 39). Official lineups for local qualifiers are to be exchanged between the teams and given to the referee at least 30 minutes prior to kickoff.
- In the tournament proper, both teams in a match are now required to arrive at the venue at least 90 minutes before game time (see page 41), a change from 75 minutes.

Introduction to 2022 Lamar Hunt U.S. Open Cup **Open Division Qualifying**

The Lamar Hunt U.S. Open Cup, U.S. Soccer's National Championship, is an annual knockout competition open to all amateur and professional soccer teams affiliated with U.S. Soccer. The tournament first crowned an annual champion at the end of the 1913-14 season. In 1999, the competition was renamed to honor American soccer pioneer Lamar Hunt.

Starting in the summer of 2015, the qualifying process was revamped for teams entering through the Open Division (meaning all teams outside of the Division I, II or III professional leagues). This process continues for the 2022 tournament (the 107th edition). Any team affiliated with any Organization Member of U.S. Soccer and who meets other criteria for participation as spelled out in Section 202 of the Open Cup Policy may enter (find the Open Cup Policy and Team Entry & Information Form elsewhere in this Handbook).

Open Division qualifying for the 2022 Lamar Hunt U.S. Open Cup takes place within two tracks:

- **National Leagues:** Leagues having a national footprint and meeting the criteria listed elsewhere in this Handbook may, by a deadline prior to the entry deadline for local qualifiers (see reference below), elect to use 2021 league results to determine its clubs who advance to the Open Cup tournament proper. Thus, the National Leagues track allows teams in this pool to bypass the local qualifying process. The number of slots allocated to teams from National Leagues will be based in 2022 on the overall number of Open Division clubs entering the tournament and the projected number of slots available to Open Division teams at the local qualifying entry deadline. For 2020, both the National Premier Soccer League and USL League Two elected the National Leagues path for qualifying its teams (see elsewhere in this Handbook for the method each league used to determine how its members earned qualification). Please note that a league that elects the National Leagues track commits all of its teams to this path, including related team entry fees.
- **Local Qualifying (single-game, knockout basis):** Teams outside of the National Leagues qualifying track who wish to participate will be required to enter by an August 2021 deadline and play Open Cup local qualifying matches on dates (up to four in the fall) listed in the Open Division competition calendar found elsewhere in this Handbook. U.S. Soccer will determine the exact number of qualifying rounds shortly after the local qualifying entry deadline. All entrants, regardless of level, Organization Member affiliation, or other attributes, will start on equal footing. Matches will be determined geographically to minimize travel time and expense, with random selection used when practicable to determine exact pairings.

Each home team will be responsible for arranging the field of play, security and medical presence, game balls, paying the officials, and other expense relating to staging games, while each visiting team will cover its own travel-related costs (in cases where travel is more than 300 air miles away, U.S. Soccer is able to subsidize a portion of airfare expense as detailed elsewhere in this Handbook). [Note: In some cases, extensive travel and related expense may still be required even though attempts are made by U.S. Soccer to minimize travel distances in each round.] U.S. Soccer shall appoint the match officials.

After certifying a team's eligibility to participate, U.S. Soccer will process rosters for approval, arrange matches, appoint match commissioners and officiating crews, administer discipline, promote the games in advance and their results afterwards, and provide a clear link to the final tournament, which will begin in early spring 2022.

Open Division qualifying has demonstrably given a boost to the competition at the amateur level by:

- Giving teams and the larger U.S. Soccer family a clear, identifiable path for reaching the Open Cup tournament proper;
- Providing a platform to promote Open Division qualifying to a national audience, allowing the spectating public to follow the entire tournament from start to finish;
- Eliminating a major burden from local, state, regional and national amateur administrators to organize competitions at multiple levels;
- Minimizing disputes regarding player eligibility, given that roster approval is handled centrally by U.S. Soccer.

Teams advancing from Open Division qualifying (whether via the Local Qualifying or National Leagues track) will enter the 2022 Lamar Hunt U.S. Open Cup in the First Round, currently scheduled for March 22-23, 2022. Without details for the 2022 tournament confirmed beyond the completion of the Open Division qualifying rounds, U.S. Soccer suggests that teams entering through the Open Division review the 2021 Lamar Hunt U.S. Open Cup Handbook (Finalists' Edition) to become familiar with the procedures involved when advancing to the First Round. The 2022 Finalists' Edition of the Handbook will be distributed in January 2022.

Criteria for National League Status for Open Division Qualification

The Open Cup Committee has created the following criteria for National League status as part of Open Division qualifying:

- Minimum of fifty (50) active U.S.-based teams in good standing with league.
- All teams must play each season for a common championship only available to league teams and that is compulsory to play for based on merit (i.e. not an optional competition for league members that is separate from the regular league competition).
- League competition must include a league format (meaning multiple number of games against fellow members, with results used to determine a set of standings or ranking table) as opposed to a single-elimination (knockout) format.
- League must have teams in at least three U.S. time zones among Eastern, Central, Mountain and Pacific.
- The three time zones containing the most teams must each have at least fifteen percent (15%) of the member teams.
- Two time zones must be represented by at least three (3) different U.S. states or the District of Columbia and a third time zone must be represented by at least two (2) different U.S. states or the District of Columbia.
- Teams must be in at least ten (10) different U.S. states or the District of Columbia.
- To enter the Open Cup as a National League, league is required to pay by the published deadline the team-based Open Cup Entry Fee (excluding any Performance Bond amount) for all teams in the league.
- After a league declares that it wants to be considered for National League status, it must play for three (3) years before being considered for an allocation of Open Division slots into the First Round.

Road Map for Teams Entering Open Division Local Qualifying

Each team considering entering Open Division Local Qualifying for the 2022 Lamar Hunt U.S. Open Cup Tournament will encounter and should plan for the following tasks on their journey:

- Confirm that your team meets the following eligibility requirements (Open Cup Policy Section 202, found on page 27):
 - Team is an outdoor soccer team based in the United States;
 - Club or league that Team is a member of is affiliated to an Organization Member of U.S. Soccer;
 - League that Team is a member of must consist of at least four (4) teams, with each playing at least ten (10) league games in the competition each fiscal year;
 - Team must be in good standing with the league of which it is a member;
 - Any Team whose league is starting its first season of competition must have started its league schedule at least thirty (30) days prior to the Open Division entry deadline;
 - Any Team starting its first season of competition in an existing league must have started its new league's schedule at least thirty (30) days prior to the Open Division entry deadline.
- Identify at least one venue that meets minimum standards, including minimum field dimensions for qualifying rounds of 100 yards long by 65 yards wide (see Team Responsibilities for Open Division Qualifying Rounds on page 39) and is available on at least one designated date for each round of local qualifying (see Competition Calendar on page 18).
- Complete and submit the following forms by 2 p.m. on Monday, Aug. 9, 2021:
 - Team Entry & Information Form (Teams Entering Through the Open Division Local Qualifying Track) (page 45) – teams must enter the data requested on this form via the online registration tool at www.usopencup.org
 - Venue Declaration Form (page 49)
 - Home Game Application Form (First, Second and Third Qualifying Round Games Only) (page 50)
- Submit via check or money order made out to “U.S. Soccer” the Entry Fee of \$1,200 (which includes a \$1,000 refundable Performance Bond described on page 21) so that U.S. Soccer receives it by 2 p.m. on Monday, Aug. 9, 2021. No online payments will be allowed or accepted. A 24-hour grace period will be extended for those who register their team on Aug. 9 so that payment can be sent via overnight delivery for receipt at U.S. Soccer's office on Tuesday, Aug. 10, 2021. Any team whose payment is received after the Aug. 10 deadline is not eligible to participate.

- Submit your preliminary team roster (25-player limit) at the earliest possible date and your final roster by 4 p.m. CT on Wednesday, Sept. 1, 2021 (see roster rule details on page 22). No changes will be allowed after the final roster deadline until the Spring 2022 roster changeover period. All required supporting documentation, including items proving country of birth, citizenship, a passport-style photo of each player for identification purposes, etc., should be submitted at the time any player is added to the roster to expedite roster approval.
- Additional roster requirements (for details about the processes described here, please visit U.S. Soccer's Federation Services – International Clearance page at <https://www.ussoccer.com/federation-services/international-clearance/about>):
 - For any player born outside of the United States who moved to the USA prior to their 10th birthday, proof of USA residency prior to their 10th birthday is required by FIFA.
 - For any player born outside of the United States who moved to the USA after their 10th birthday, an International Transfer Certificate (ITC) is required by FIFA, a process that could take over thirty (30) days, before such a player is cleared to play.
 - For any player who previously registered for a club outside of the USA (whether as a professional or amateur player), an ITC is required by FIFA, a process that could take over thirty (30) days, before such a player is cleared to play.
- If designated as the home team in your match (see Team Responsibilities for Open Division Qualifying Rounds on page 39), please contact your opponent to coordinate team colors and provide other assistance where necessary (e.g. directions to venue, parking arrangements).
- If designated as the visiting team in your match and an overnight stay is necessary, complete and submit the Travel Itinerary Information Form (page 53). If the distance is more than 300 air miles and flights are contemplated, please read the Travel Reimbursement Policy for Local Qualifying Rounds on page 52 and contact U.S. Soccer for guidance.

Allocation of Slots Among Open Division Qualifying Pools into 2022 U.S. Open Cup First Round Proper

Because of the difference in entry deadlines between the Open Division (mid-August) and the various professional divisions (Dec. 31), U.S. Soccer will conduct a two-step process for determining the ultimate allocation of Open Division slots among the various qualifying pools (i.e.: local qualifiers, any national leagues) as follows:

- Immediately after the Open Division entry deadline, the Open Cup Committee will determine a preliminary allocation of Open Division slots into the tournament’s First Round based on its anticipated structure of the tournament bracket and the projected number of Professional Division entries at each stage (e.g. all Division II professional teams entering in the Second Round, Division I teams entering over the next two rounds). The number of preliminary Open Division slots is then initially allocated among the various qualifying pools based on the number of teams entered in each pool (pro rata basis). Knowing the target number of First Round slots to be issued to local qualifiers, the Commissioner will then establish the number of qualifying rounds to be played so that the number of surviving teams is a figure closest to the target number. Care will be taken to minimize the number of byes in the qualifying tournament so that the maximum number of surviving teams will have played the same number of games to advance to the First Round.
- Shortly after the Professional Division entry deadline, the Open Cup Committee will finalize the tournament bracket and the Open Division slot allocation. If the tournament bracket or the number of pro teams has changed compared to the assumptions made when conducting the preliminary allocation, the distribution of Open Division slots among the various qualifying pools will be recomputed on the same pro rata basis as before (but leaving the number of slots for local qualifying teams fixed based on the number of surviving teams, assuming the changes to the number of Open Division slots are small).

Example: Assume the following number of teams entered:

Qualifying Pool	Teams Entered
Local Qualifiers	175
National League A	100
National League B	155
National League C (new entrant)	30
Total	460

Preliminary Allocation:

Assume the number of preliminary slots available to Open Division teams in the First Round is 60:

Slots	Teams Entered	Allocation Rate
60	460	13.043%

Pro rata preliminary allocation:

Qualifying Pool	Teams Entered	Allocation Rate	Result	Integer
Local Qualifiers	175	13.043%	22.826	23
National League A	100	13.043%	13.043	13
National League B	155	13.043%	20.217	20
National League C (new entrant)	30	13.043%	3.913	4
Totals	460	13.043%		60

Before proceeding, please note that the Open Cup Committee has determined that the U.S. Adult Soccer Association's National Amateur Cup winner (a team that would otherwise enter Local Qualifying) will receive an automatic berth into the first round of the tournament proper. This slot will take up one of the places assigned to the Local Qualifier pool. As a result, the initial target number computed for the Local Qualifier pool (23 in this case) will be reduced by one, leaving 22 as the actual target number to be used.

With the Local Qualifier target number now modified to 22, we next need to determine the number of local qualifying rounds that will get us close to this figure. After removing the Amateur Cup winner, the remaining 174 entries divided by 2^3 (which equals 8 and is the equivalent of cutting the field in half three times, the same math that happens after three rounds of games) is 21.75. Rounding up to the nearest integer (since we cannot be left with a fraction of a team) brings us to 22. Since this figure is very close to (and in fact matches) the target number of 22, we can lock in three qualifying rounds preliminarily ending with 22 teams remaining rather than play one more or one fewer round to be left with 11 or 44 teams, respectively.

After setting the number of local qualifying rounds, a final evaluation of the geographic distribution of teams from this pool is necessary to see whether the targeted ending number of Local Qualifier teams (22 in the present example) is achievable within the prescribed number of qualifying rounds without unnecessary travel. For example, if seven teams enter from South Florida and eight from North and Central Florida, one of the teams from South Florida would need to play a team from out of state in order to have a game in the first qualifying round (the eight North and Central Florida teams would already be matched up with each other). It may be advisable to simply issue one South Florida team a bye in the first qualifying round. Doing so would allow the cluster of teams in this area to play down to a single remaining team after three qualifying rounds (with a random draw determining the lucky team to receive the first qualifying round bye) rather than pull in a team from outside the region that would require significant travel over possibly several rounds. The sum of such byes, if they exceed a certain number, would require an additional slot be allocated to the Local Qualifier pool.

Final Allocation:

Now assume the number of final slots available to Open Division teams in the First Round either remains unchanged at 60 or changes to either 56 or 64 due to one more or one fewer professional team than originally anticipated entering the competition.

Referring to the number of Open Division entries detailed earlier (and removing the Local Qualifying pool, as slots have already been allocated to this subset of entries), here are the total number of teams entered via National Leagues qualifying pools:

Qualifying Pool	Teams Entered
National League A	100
National League B	155
National League C (new entrant)	30
Total	285

Total Slots	Slots Already Allocated	Slots Remaining	Teams Entered	Allocation Rate
56	22 + 1	33	285	11.579%
60	22 + 1	37	285	12.982%
64	22 + 1	41	285	14.386%

Pro rata final allocation if no change to the number of Open Division slots compared to the preliminary allocation figure (60):

Qualifying Pool	Teams Entered	Allocation Rate	Result	Integer
Local Qualifiers	175	13.143%	Fixed	23
National League A	100	12.982%	12.982	13
National League B	155	12.982%	20.123	20
National League C (new entrant)	30	12.982%	3.895	4
Totals	460	13.043%		60

Pro rata final allocation if lower (56) or higher (64) number of Open Division slots compared to the preliminary allocation figure (60):

Qualifying Pool	Teams Entered	Allocation Rate	Result	Integer	Allocation Rate	Result	Integer
Local Qualifiers	175	13.143%	Fixed	23	13.143%	Fixed	23
National League A	100	11.579%	11.579	12	14.386%	14.386	15
National League B	155	11.579%	17.947	18	14.386%	22.298	22
National League C (new entrant)	30	11.579%	3.474	3	14.386%	4.316	4
Totals	460	12.174%		56	13.913%		64

Method for Determining Qualifiers for 2020 U.S. Open Cup Competition: NPSL (National League)

For the 2020 Lamar Hunt U.S. Open Cup, the National Premier Soccer League (NPSL) elected for its teams to enter through the Open Division’s national league track, using the league’s 2019 results to determine its qualifiers and thus bypassing the local qualifying process. The NPSL may elect to enter the 2022 competition through this route, using the league’s 2021 results to determine its qualifiers.

To establish where teams objectively stood in the process to qualify for the 2020 tournament, the NPSL determined the following system for ranking its teams using 2019 league results, as required by the Open Cup Committee:

- Slot 1: NPSL championship game winner
- Slot 2: NPSL championship game finalist
- Slots 3-4: Remaining two playoff semifinalists (see Note A)
- Slots 5-8: Remaining four playoff quarterfinalists (see Note A)
- Slots 9-86: If more than eight slots were available, all slots were prorated among the four NPSL regions based on the total number of teams in each (Midwest 21; Northeast 17; South 25; West 23), with the first two slots for each region awarded to the playoff quarterfinalists noted above. The table below shows the number of total slots awarded to each region when 9-30 slots were available (Note: In the case where two regions were allocated 0.5 of a slot, the team next in line from each of the two regions were ranked based on regular-season record and then the tie-breaking system listed below, if necessary, with the team ranked higher awarded the place in the tournament):

Region	No. of Teams	Total Number of Slots Awarded to NPSL																												
		9	10	11	12	13	14	15	16	17	18	19	20	21	22	23	24	25	26	27	28	29	30							
Midwest	21	2	2	3	3	3	3	4	4	4	4	5	5	5	5	6	6	6	6	7	7	7	7							
Northeast	17	2	2	2	2	3	3	3	3	3	4	4	4	4	4	5	5	5	5	5	6	6	6							
South	25	3	3	3	4	4	4	4	5	5	5	5	6	6	7	7	7	7	8	8	8	8	9							
West	23	2	3	3	3	3	4	4	4	5	5	5	5	6	6	6	6	7	7	7	7	8	8							
Totals	86	9	10	11	12	13	14	15	16	17	18	19	20	21	22	23	24	25	26	27	28	29	30							

Slots 9-86 were awarded to the highest-ranked teams, based on regular season record, in an NPSL conference not already represented (if more than one conference within a region lacked representation, then the team with the better regular season record among these conferences was next in line). NPSL conferences eligible for participation are identified below:

Midwest Region

East Conference
Great Lakes Conference
North Conference

South Region

Heartland Conference
Lone Star Conference
Southeast Conference
Sunshine Conference

West Region

Golden Gate Conference
Northwest Conference
Southwest Conference

Northeast Region

Keystone Conference
North Atlantic Conference

After each conference within a region had at least one representative, the remaining teams within that region were ranked by regular season record.

In the event that teams were tied on points, the NPSL's regular-season tie-breaking system was applied. This system is as follows:

1. Head-to-head results between the tied teams.
2. Goal difference in the head-to-head results.
3. Most wins in conference competition.
4. Goal difference in conference competition.
5. Fewest losses in conference competition
6. Coin toss.

Notes:

- A. If the NPSL was awarded between three and seven slots, the two remaining playoff semifinalists followed by the four remaining playoff quarterfinalists were slotted according to the size of the region each team competed in, with the larger region ranked higher. For example, if the teams in the championship game were from the South Region (25 teams) and Northeast Region (17), the semifinalist from the West Region (23) was placed in the third slot while the semifinalist from the Midwest Region (21) was placed in the fourth slot.

Method for Determining Qualifiers for U.S. Open Cup Competition: USL League Two (National League)

For the 2020 Lamar Hunt U.S. Open Cup, USL League Two (USLL2) elected for its teams to enter through the Open Division's national league track, using the league's 2019 results to determine its qualifiers and thus bypassing the local qualifying process. USLL2 may elect to enter the 2022 competition through this route, using the league's 2021 results to determine its qualifiers.

To establish where teams objectively stood in the qualifying process, USLL2 determined the following system for ranking its 67 U.S.-based teams using 2019 league results, as required by the Open Cup Committee:

- Slots 1-11: Eleven regular-season division winners were ranked 1-11 based on overall regular-season standings points if each team played the same number of games; if teams did not play the same number of games, then the average number of standings points per regular season game determined.
- Slots 12-67: Remaining 56 teams were ranked 12-67 based on overall regular-season standings points if each team played the same number of games; if teams did not play the same number of games, then the average number of standings points per regular season game determined.

In the event that teams were tied on points, USLL2's regular-season tie-breaking system was applied. This system is as follows:

1. Head-to-head record based on total points in League games (see Notes A and B below).
2. Total wins in League games. If number of games is unequal, the Game Average (Note C) is used.
3. Goal difference in League games. If number of games is unequal, the Game Average (Note C) is used.
4. Goals scored in League games. If number of games is unequal, the Game Average (Note C) is used.
5. Total points within smallest group (Note D). If number of games is unequal, then point percentage (Note E) is used.
6. Ranking based on points earned against top four group finishers. This tiebreaker will not be used if four (4) or fewer teams comprise the group. If number of games is unequal, then point percentage applies.
7. Point percentage outside / smallest division or conference in League games.
8. Total points in all regular season and Open Cup qualifying games combined. If number of games is unequal, then point percentage applies.
9. FIFA Fair Play – Team with fewest disciplinary points in League games. (If number of games is unequal, points will be divided by games played to arrive at a common basis for comparison.)
10. Lottery conducted by USL.

Notes:

- A. League games refer solely to games that count towards the regular season standings.
- B. Should more than two (2) teams involved have played each other an unequal number of times, this tiebreaker will be skipped.
- C. Game Average = Tie Breaker / number of games played (i.e. goals scored / number of games played).
- D. Grouping = term used to describe the primary unit in which a team competes (i.e. Southwest Division).
- E. Point Percentage = number of total points earned / maximum possible points (3 per game)

2022 U.S. Open Cup Competition Format

Both the Open Division local qualifying competition for the 2022 Lamar Hunt U.S. Open Cup as well as the final tournament will be conducted on a single-elimination, one-game-knockout basis. U.S. Soccer contemplates a minimum of three and a maximum of four local qualifying rounds held in the fall of 2021 (see the competition calendar listed elsewhere in this Handbook for exact dates).

Once Open Division local qualifiers have been determined and the Open Division National Leagues qualifiers added, the tournament bracket for the final competition will be tiered to allow sides from professional leagues to enter in later rounds (Division II and III teams in 2020 were to have played their first match in the Second Round while half of the Division I squads were to have seen their first action in the Third Round and the other half in the Fourth Round). The final determination for the tournament bracket will be made in early 2022, well after the Open Division local qualifying competition has begun.

For Open Division local qualifying as well as the final tournament, each team will be matched with an opponent according to the following provisions:

- **General Provision:** Pairings will be arranged to prevent the possibility of teams sharing an ownership stake (e.g. Portland Timbers [MLS] and Portland Timbers U-23 [USLL2]) or teams from the same club (e.g. Philadelphia Lone Star FC and Philadelphia Lone Star U23s) from playing each other should both teams be in the competition in the same round, except for the Final.

2022 U.S. Open Cup Competition Calendar

Key Dates in 2021:

Monday, Aug. 2 (4 p.m. CT)	Entry Fee deadline for Open Division National Leagues who use 2021 league results to determine their qualifiers
Monday, Aug. 9 (2 p.m. CT)	Deadline for teams participating through the Open Division local qualifying track to submit their Team Entry & Information Form, Entry Fee and Performance Bond, Venue Declaration Form and Home Game Application Form (first three qualifying rounds only)
Wednesday, Aug. 18	U.S. Soccer announces teams approved for Open Division local qualifying competition, preliminary allocation of slots among Open Division qualifying pools Window opens for teams participating through the Open Division local qualifying track to submit player roster data (25 player limit)
Monday, Aug. 23	Matchups for first qualifying round announced
Wednesday, Sept. 1 (4 p.m. CT)	Fall roster submission deadline for teams participating through the Open Division local qualifying track (25 player limit, no additions allowed after the deadline)
Thursday, Sept. 16 (4 p.m. CT)	Roster approval/clearance deadline for first qualifying round (players must be approved by their team's league and cleared by U.S. Soccer to play)
Saturday, Sept. 18 through Sunday, Sept. 19	First qualifying round
Monday, Sept. 20	Matchups for second qualifying round announced
Thursday, Oct. 14 (4 p.m. CT)	Roster approval/clearance deadline for remaining qualifying rounds
Saturday, Oct. 16, through Sunday, Oct. 17	Second qualifying round
Monday, Oct. 18	Matchups for third qualifying round announced
Saturday, Nov. 20, through Sunday, Nov. 21	Third qualifying round
Monday, Nov. 22	Matchups for fourth qualifying round (if needed) announced
Tuesday, Dec. 14 (2 p.m. CT)	Team Entry & Information Form and Performance Bond deadline for Open Division teams who may qualify via 2021 results in national leagues Team Entry & Information Form, Entry Fee and Performance Bond deadline for Division I, II and III Outdoor Professional League teams

Saturday, Dec. 18, through Sunday, Dec. 19	Fourth qualifying round (if needed)
Friday, Dec. 31	Confirmation deadline for Division I, II and III Outdoor Professional League teams per Section 202(b)(1) of the Open Cup Policy

Key Dates in 2022:

Thursday, Jan. 6	Final allocation determined for Open Division slots into 2022 Lamar Hunt U.S. Open Cup Venue Declaration Form deadline for teams wishing to host games in the 2022 Lamar Hunt U.S. Open Cup from the First Round onward
Wednesday, Jan. 12	Home Game Application deadline for First and Second Rounds
Wednesday, Jan. 19	First Round pairings announced
Wednesday, Jan. 26	Second Round possible matchups announced
Monday, Feb. 28 to Thursday, June 30 (4 p.m. CT)	Spring roster changeover period for Open Division local qualifiers still competing (each team may add up to eight new players to their Fall roster who are not already cup-tied; 25 player limit remains)
Tuesday, March 8	Deadline for teams entering at First Round (not including Open Division local qualifiers) to submit initial roster
Tuesday, March 22 through Wednesday, March 23	First Round
Tuesday, April 5 through Thursday, April 7	Second Round
Tuesday, April 19 through Thursday, April 21	Third Round
Tuesday, May 10 through Wednesday, May 11	Round of 32
Tuesday, May 24 through Wednesday, May 25	Round of 16
Tuesday, June 21 through Wednesday, June 22	Quarterfinal Round
Friday, July 1 to Day Before 2022 Final (2 p.m. CT)	Summer roster changeover period for Open Division local qualifiers still competing (each team may add up to eight new players to their Spring roster who are not already cup-tied; 25 player limit remains)
Tuesday, July 26 through Wednesday, July 27	Semifinal Round
Tues.-Wed., Sept. 6-7 or Tues.-Wed., Sept. 13-14	2022 Lamar Hunt U.S. Open Cup Final

Note: The Commissioner shall have the authority to set outside of the confirmed schedule the date for any match if such a change is in the best interests of the tournament.

Process for Determining Matchups and Home Teams for Open Division Local Qualifying

General Steps and Provisions:

- Each team must name its possible home venues (limited to two) by submitting a Venue Declaration Form by the published deadline. The form is based on the stadium requirements set forth in the U.S. Open Cup Policy Manual for the tournament proper, although the requirements for hosting local qualifying matches are not as stringent (see the list of Home Team Responsibilities for Open Division Qualifying Rounds elsewhere in this Handbook).
- After receiving the list of possible venues, the Open Cup Commissioner makes a determination for each venue's suitability for hosting Open Division local qualifying games. Only venues approved by the Open Cup Commissioner may be used (please see the Home Team Responsibilities for Open Division Qualifying Rounds listed elsewhere in this Handbook). Venues do not need to meet the requirements listed in Attachment A of the Open Cup Policy for local qualifying matches.
- After the matches have been determined, if a team originally designated as a home team cannot host for whatever reason, the game will automatically revert to the opponent's home. **Any team who withdraws from hosting after being designated the home team in a match, except for cases of force majeure, forfeits all hosting privileges for the remainder of the Open Division local qualifying tournament and may be disqualified altogether.**

All Rounds:

- Prior to the published deadline, each team must submit the appropriate Home Game Application Form for the first, second and third qualifying rounds. (Note: A separate Home Game Application Form will be circulated for the fourth qualifying round, if held.) Through this form, the applicant names a specific home venue in addition to the date and time for each game. The venue must be confirmed to be available for each of the match date(s) in question and available for the next day in the event a rescheduled match is required due to weather. **All teams are required to apply to host for every round and must host if they are drawn to do so by the Open Cup Commissioner.**
- Following the entry deadline and once the teams entering the Open Division local qualifying tournament have been certified for competition, the Commissioner will determine the matchups prior to each qualifying round. Matches will be determined geographically to minimize travel time and expense, with random selection used when practicable to determine exact pairings.
- For each match in the tournament, the Commissioner will conduct a random draw or coin flip to determine the host for each game. This process will be repeated as possible matches are determined up to the Final.

Team Performance Bond Details

Each team entering the Open Cup at either the Open Division Local Qualifying phase or the tournament proper must submit a refundable Performance Bond of one thousand dollars (\$1,000.00) no later than the deadline for submitting its Team Entry & Information Form. U.S. Soccer shall charge amounts against a team's Performance Bond as follows:

Item	Amount
Change in match venue, date, or time after a match has been announced publicly (changes in more than one of these, if submitted at the same time, will count as a single change):	\$200.00 per occurrence
Forfeiture of match:	Remaining balance of Performance Bond plus any additional amount to be determined by the Adjudication and Discipline Panel
Other incidents not in the best interests of the competition:	Amounts to be determined by the Adjudication and Discipline Panel

Return of Performance Bond: Within sixty (60) days after a team's elimination from the tournament and assuming all other team obligations to U.S. Soccer have been met, U.S. Soccer shall return a team's Performance Bond, less any charges incurred during the course of the team's participation.

Roster Rules for Teams Competing in Open Division **Local Qualifying Rounds**

Teams competing through the Open Division local qualifying track have the following roster rules in place:

- Roster limited to 25 players.
- Roster submission deadline for Fall 2021 qualifying rounds is Wednesday, Sept. 1, at 4 p.m. CT.
- Teams must submit photographic head shots for each player for the purpose of player identification, which will be instituted by U.S. Soccer for Open Division local qualifying rounds.
- Teams must submit documentation showing each player's country of birth and nationality (e.g. passport, permanent residency card, birth certificate) as part of the protocol for clearing players for participation.
- Additional roster requirements (for details about the processes described below, please visit U.S. Soccer's Federation Services – International Clearance page at <https://www.ussoccer.com/federation-services/international-clearance/about>):
 - For any player born outside of the United States who moved to the USA prior to their 10th birthday, proof of USA residency prior to their 10th birthday is required by FIFA.
 - As required by FIFA, any player born outside of the United States who moved to the USA after their 10th birthday will require an International Transfer Certificate (ITC) from the national soccer association of the player's country of birth, a process that could take over thirty (30) days, before such a player is cleared to play. Due to the length of time this process sometimes requires, teams are encouraged to submit their ITC requests at the earliest possible opportunity.
 - For any player who previously registered for a club outside of the USA (whether as a professional or amateur player), an ITC is required by FIFA, a process that could take over thirty (30) days, before such a player is cleared to play.
- Players may not be added for Fall 2021 qualifying rounds after the roster submission deadline.
- All players must be cleared by their team's league and by U.S. Soccer's Player Registration Department by Thursday, Sept. 16, at 4 p.m. CT in order to participate in the first qualifying round.
- Players who were not cleared in time for their team's first qualifying round game will have until Thursday, Oct. 14, at 4 p.m. CT to be cleared by their team's league and by U.S. Soccer's Player Registration Department to be eligible for their team's remaining qualifying round games.
- Teams reaching the Spring 2022 rounds of competition may add up to eight new players to their Fall roster who haven't previously competed in the current year's tournament for another team (i.e. are not already "cup-tied") starting Monday, Feb. 28, until Thursday, June 30, at 4 p.m. CT. The 25-player roster limit will remain in place.
- The Summer 2022 roster changeover period for Open Division local qualifying teams opens Friday, July 1, and ends at 4 p.m. CT the day before the 2022 Open Cup Final. Teams may add up to eight new players to their Spring 2022 roster who haven't previously competed in the current year's tournament for another team (i.e. are not already "cup-tied"); the 25-player roster limit will remain in place.

These roster rules have been put in place under the authority of Open Cup Policy Section 203(b)(1) and passed by the Open Cup Committee. For other player eligibility policies, please see Open Cup Policy Section 203(a), (c) and (d).

LAMAR HUNT U.S. OPEN CUP OFFICIAL ROSTER SUBMISSION FORM

(Version 6/26/2021)

Official Team Name: _____

Date Approved: _____

Signature: _____

Note: The Roster Submission Form included in this Handbook is meant to provide the reader with knowledge of the types of information to be included when submitting a team roster. An electronic version of the form will be circulated to those teams entering the tournament and be the required format for completing and submitting to U.S. Soccer. In addition to the information requested on the form, teams will be required to submit photographic head shots for each player for the purpose of player identification, which will be instituted by U.S. Soccer for Open Division local qualifying rounds, and documentation showing each player's country of birth and nationality (e.g. passport, birth certificate) as part of the protocol for clearing players for participation.

For additional information, please contact the Open Cup player registration department at opencup@ussoccer.org.

U.S. Open Cup Awards & Prize Money

While the prize money for the 2022 tournament has not yet been confirmed, the amounts that were distributed for the 2019 competition included the following:

U.S. Open Cup Champion	\$300,000.00
U.S. Open Cup Finalist	\$100,000.00
Division II team* that advanced the furthest	\$25,000.00
Division III team* that advanced the furthest	\$25,000.00
Open Division team* that advanced the furthest	\$25,000.00

Each year's U.S. Open Cup winner is awarded a championship trophy to keep and has its team name added to the Dewar Challenge Trophy, competed for annually since 1912 and symbolic of the U.S. Open Cup champion since 1914. The Open Cup winner also earns a place in the next Concacaf Champions League, which, for teams qualifying from the USA, starts in the Spring of the following year. Additionally, the players from the winning team and the runners-up are presented with Open Cup medals. U.S. Soccer may also elect to award players from the winning team with championship t-shirts to be worn during the trophy presentation.

*If two or more teams advance to the same round, the following order of steps is used to determine which single team will be awarded the prize money:

1. Team with the most victories against opponents from three divisions higher
2. Team with the most draws against opponents from three divisions higher
3. Team with the most victories against opponents from two divisions higher
4. Team with the most draws against opponents from two divisions higher
5. Team with the most victories against opponents from one division higher
6. Team with the most draws against opponents from one division higher
7. Team with the most victories against opponents from same division
8. Team with the most draws against opponents from same division
9. Team with the most overall victories
10. Prize money to be divided equally among the teams

For the purpose of this procedure, a game that ends with kicks from the penalty mark to determine the team advancing to the next round is recorded as a draw. Additionally, should a Division II, Division III or Open Division team advance to the final match, the Champion and Runner-Up prize money will be awarded in lieu of the divisional prize.

U.S. Open Cup Policy
(as taken from the U.S. Soccer Federation Policy Manual)

Policy 102(4)-1, Lamar Hunt U.S. Open Cup (Amended February 27, 2021)

PART I — ORGANIZATION

Section 101. General

The United States Soccer Federation shall conduct annually a competition of outdoor amateur and professional soccer teams of Organization Members of the Federation. The competition shall be known as the “Lamar Hunt U.S. Open Cup” (referred to in this policy as the “Open Cup”). This competition shall be recognized as the Federation’s National Championship, and information about the Cup, including the annual champion and runner up, shall be provided to FIFA and CONCACAF.

Section 102. Open Cup Committee

(a) The President shall appoint annually, subject to approval of the National Board of Directors, an Open Cup Committee. The President shall designate one of the members as Chairperson of the Committee.

(b) The Committee shall be responsible for carrying out this policy, establishing requirements and procedures for carrying out this policy and for conducting the Open Cup, and for the direction of the Open Cup.

Section 103. U.S. Open Cup Commissioner

The Secretary General of the Federation shall designate a member of the Federation staff to be the Open Cup Commissioner. The Commissioner shall be responsible for the administration of the Open Cup in accordance with this policy and the direction of the Open Cup Committee.

Section 104. Adjudication and Discipline Panel

(a) The Open Cup shall have an Adjudication and Discipline Panel. The Chairperson of the Open Cup Committee shall appoint the members of the Panel, to be composed of one representative from the Adult Council, one representative from each outdoor league in the Professional Council participating in the Open Cup during the competition year of appointment and at least one Athlete not competing in the Open Cup during the competition year of appointment. The Chairperson of the Open Cup Committee shall be the Chairperson of the Panel but shall not vote when serving as Chairperson of the Panel.

(b) The Panel shall have responsibilities as provided by this policy.

Section 105. Awards, trophies, and prizes

The Open Cup Committee shall determine the awards, trophies, prizes and cost reimbursements to be granted each year, pursuant to the budget approved by the Board of Directors.

Section 106. Open Cup account

The Federation shall maintain an Open Cup account. All receipts and expenses related to the Open Cup shall be credited and debited against that account. Any surplus and deficits shall be carried forward from year to year.

Section 107. Matters not provided for and emergencies

The Open Cup Committee may determine any matters not provided for in this policy. The Committee may also act to change matters included within this policy when emergency circumstances require and report the changes to the National Board of Directors of the Federation. An action of the Committee under this section is final.

PART II — COMPETITION PROCEDURE

Section 201. Categories of competition

(a) Teams shall qualify for the Open Cup through one of the following divisions of competition: (1) Division I Outdoor Professional League; (2) Division II Outdoor Professional League; (3) Division III Outdoor Professional League; and (4) Open Division. All teams registered and competing in a Division I, Division II or Division III Outdoor Professional League (excluding those teams based outside the United States and teams otherwise ineligible under this Policy) shall be required to enter the Open Cup competition in each year in which they compete in an Outdoor Professional League. A youth amateur team applying to compete shall compete through the Open Division.

(b) The Open Cup Committee shall determine procedures for competition within each category of competition and among the categories, the order of competition among the categories, the number of winning teams within each category that are to advance to the next round of competition, dates of Cup matches, and other matters, to provide for the fair and orderly determination of an Open Cup champion each year. The Committee may authorize the organization or organizations within a category of competition to establish procedures for determining the winners within that category of competition. If the Committee so authorizes, the organization or organizations must submit its procedures to the Committee by a deadline established by the Committee for prior approval by the Committee.

Section 202. Team eligibility

(a) To enter the Open Cup, a team must be an outdoor soccer team based in the United States and a regular playing member in good standing competing in an ongoing league competition of an Organization Member of the Federation, with said league competition and Organization Member also in good standing with the Federation. Such league competition must be regularly scheduled (i.e. not infrequent) each year and formatted such that member teams play games against fellow members, with only these results (i.e. league matches) used to determine a set of standings or ranking table. The league

competition must consist of at least four (4) teams, with each playing at least ten (10) league matches (excluding any pre-season and/or post-season playoff or cup matches) each calendar year.

(b) Division I, II and III Outdoor Professional League Teams:

- (1) To remain eligible throughout the tournament:
 - (i) A team must remain a playing member in good standing within its club/league competition from December 31 of the competition year until the Open Cup Final;
 - (ii) A team's league must be in operation from December 31 of the competition year until the Open Cup Final.
- (2) Any team whose league is starting its first season of competition:
 - (i) Must have its league schedule set and announced to the public by January 31 of the competition year;
 - (ii) Must have its first league game scheduled for no later than seven (7) days prior to the first scheduled Open Cup round of competition involving the team's division.
- (3) Any team starting its first season of competition in an existing Division I, II or III Outdoor Professional League:
 - (i) Must have its league schedule set and announced to the public by January 31 of the competition year;
 - (ii) Must have its first league game scheduled for no later than seven (7) days prior to the first scheduled Open Cup round of competition involving the team's division.

(c) Teams Entering Through the Open Division:

- (1) To remain eligible throughout the tournament:
 - (i) A team must remain a playing member in good standing within its club/league competition, starting from the Open Division entry deadline and continuing until the Open Cup Final for the competition year;
 - (ii) A team's league must be in operation from the Open Division entry deadline until the Open Cup Final for the competition year.
- (2) Any team whose league is starting its first season of competition must have started its league schedule at least thirty (30) days prior to the Open Division entry deadline.
- (3) Any team starting its first season of competition in an existing league must have started its new league's schedule at least thirty (30) days prior to the Open Division entry deadline.

(d) For the purpose of this Policy, any team having not played in its league's regular competition for the full season ending immediately prior to the entry deadline for its respective competition division (e.g. Open Division, Outdoor Professional League) shall be considered a team starting its first season, whether in an existing or new league.

Section 202. Team eligibility (cont.)

(e) Any Outdoor Professional League Team that is majority owned by a higher-level Outdoor Professional League Team, any Outdoor Professional League Team whose player roster is materially managed by a higher-level Outdoor Professional League Team, or any team that is (1) majority owned by an Outdoor Professional League team, (2) registered with any Open Division League, and (3) registered as a professional team, shall be ineligible to participate in the Open Cup. The Open Cup Commissioner shall circulate a list of proposed ineligible teams for review by the Open Cup Committee. The Open Cup Committee shall review and determine team eligibility annually pursuant to this provision and report its decisions to the National Board of Directors.

Section 203. Player eligibility

(a) Teams entering the Open Cup shall use their official league roster as their Open Cup roster. Except as specified in this Policy or except as the result of discipline matters imposed by U.S. Soccer, all players on an official league roster will be eligible for Open Cup competition, regardless of any status (e.g. injured reserve) each player may have with regard to league competition. Players on loan from another team or league may not be included on an Open Cup roster, with the exception of the following: 1) Loaned players originating from teams competing in leagues that are not active participants in the Open Cup Tournament or qualifying process (professional indoor leagues, foreign clubs, etc.); 2) players on loan from other US clubs for a period of greater than 90 days; or 3) players from teams who have been deemed ineligible for the current Open Cup competition due to the provisions of Section 202(d) and are loaned to the team exercising roster control pursuant to Section 202(d). A team may list up to 18 players on its game day roster.

(b) Roster rules for competing teams:

- (1) For teams entering the tournament by competing through Open Division qualifying rounds: Each team shall submit its roster, together with additional player information that has been requested, to the Open Cup Commissioner by a date set by the Open Cup Committee. Rules with respect to the maximum number of players, roster approval and freeze deadlines, and other features shall be determined by the Open Cup Committee and communicated and enforced by the Commissioner.
- (2) For teams entering the tournament after all Open Division qualifying rounds have concluded: Two weeks prior to the first Open Cup Round in which a team participates, that team shall submit to the Open Cup Commissioner its Open Cup roster, together with additional player information that has been requested by the Commissioner. A team's Open Cup roster shall not be frozen at any time during the competition. For Open Cup matches, a team may add players to or drop them from its league roster under the league rules currently in place. Any changes to a team's roster must be communicated to the Open Cup Commissioner and all clearances obtained, including approval from U.S. Soccer's player registration department, no later than 2 p.m. CT on the first business day prior to any Open Cup match in order for such changes to be in effect for said match.

Section 203. Player eligibility (cont.)

(c) Any player who plays in any part of an Open Cup match for a team, including any match in any Open Division qualifying round, may not be included in the Open Cup roster or play for any other team in the Open Cup competition for that competition year.

(d) If any team plays an ineligible player in an Open Cup match, that team is subject to fines or other penalties, including game forfeiture, as determined by the Adjudication and Discipline Panel.

Section 204. Entering the Cup

(a) To compete in the Open Cup, a team must apply each year, on a form provided by the Federation, and pay an entry fee with the application for each year the team enters the competition. The entry fee shall be paid by cashier's check or money order made payable to "USSF". The application and entry fee must be submitted to the Federation by the deadline established by the Open Cup Committee. The Committee may establish different entry deadlines for different categories of competition. The Committee may also establish a requirement for teams entering the competition to submit a performance bond in a form and at levels as the Committee may deem appropriate.

(b) Prior to the 2015-16 competition, the annual Open Cup application fee shall be as follows:

- | | |
|--|-------|
| (1) Each team competing through the Open Division | \$200 |
| (2) Each Division III Outdoor Professional League team | \$350 |
| (3) Each Division II Outdoor Professional League team | \$550 |
| (4) Each Division I Outdoor Professional League team | \$650 |

Starting with the 2015-16 competition, the annual Open Cup application fee shall be as follows:

- | | |
|--|-------|
| (1) Each team competing through the Open Division | \$200 |
| (2) Each Division III Outdoor Professional League team | \$400 |
| (3) Each Division II Outdoor Professional League team | \$600 |
| (4) Each Division I Outdoor Professional League team | \$700 |

PART III — PLAYING RULES

Section 301. FIFA Laws of the Game

FIFA Laws of the Game apply to Open Cup competition matches. If changes to the Laws are adopted to be effective after matches are first played involving any Division I, Division II, or Division III Outdoor Professional League teams, those changes will apply to the next Open Cup competition and not the competition in progress.

Section 302. Player uniforms

(a) When the uniforms of 2 competing teams are similar, as determined by the referee, the visiting team shall change its uniform.

(b) A clear visible number, at least 8 inches high, must be worn on the back of each player's jersey. Each player on a team must wear a number different from the numbers of the other players on the same team.

Section 303. Match play

(a) Each team will be allowed to select not more than 18 players from its official league roster who shall be designated for its match day roster. No later than 60 minutes prior to the start of the match, each team will provide to the referee and the other team a match day roster designating not more than 11 starting players and the other players (not more than 7) as the pool of players from which substitutions may be made. A team may use not more than 3 substitutes from its match day roster unless a match proceeds into extra time, in which case an additional substitution shall be granted. Once a player leaves the match and is replaced by a substitute, the player leaving may not re-enter the match. A player originally selected for the match day roster of up to 18 who is deemed not able to play may be replaced prior to kickoff by another player on the team's official league roster with the consent of the referee and will not be eligible to compete in the match in which he was replaced. The replacement of such a player (if originally listed as a starting player) shall not reduce the number of substitutions available to his team. The referee shall communicate any such change to the opposing team.

(b) Each match shall be comprised of two 45-minute halves, with a halftime interval not to exceed 15 minutes. If the match is tied at the end of the second half, there will be a five-minute break followed by two 15-minute extra time periods, with a one-minute interval between periods for teams to change ends of the field. If the match is still tied at the end of the two extra time periods, the winner will be decided by kicks from the penalty mark as described in the FIFA Laws of the Game. If, in the opinion of the Match Commissioner, there may not be sufficient light to safely complete both extra time periods and kicks from the penalty mark, the Match Commissioner (in consultation with the referee) may shorten the extra time periods by equal amounts, shorten the break between regulation and extra time periods, and/or cancel the extra time periods entirely. Such a decision must be made and communicated to the teams no later than the start of the first extra time period.

(c) The referee will keep the official time of the match. However, the scoreboard shall count up from 00:00 to 45:00, if possible.

(d) The team or the Federation hosting the match shall provide the ball for the match. In the event that the game is to be televised, the Federation may elect to provide the ball.

(e) Each team shall have no more than seven (7) players and nine (9) coaches or team officials in its Technical Area. The name of each coach and team official shall be included on the roster sheet provided to the referee before the match.

Section 304. Match officials

The Federation will assign all match officials, and determine the amounts of compensation for them, for all Open Cup matches except for those matches assigned by the Open Cup Committee to be overseen by an Organization Member of the Federation.

Section 305. Player and team official match discipline

(a) In addition to red and yellow cards the referee may issue to players and substitutes at a match, the referee also has the power to warn or show yellow or red cards to team officials who fail to act in a responsible manner and may send them off from the field of play and its immediate surroundings, including the technical areas and tunnel(s) to/from the locker rooms. If the offender from a specific team cannot be identified, the head coach present from that team will receive the yellow or red card. Each caution or send-off of a player, substitute and team official shall be included in the referee's game report.

(b) If any individual referred to in subsection (a) is issued--

- (1) a red card, including a red card as the result of being issued 2 yellow cards in the same match, the individual shall be suspended for at least one Open Cup competition match; and
- (2) each multiple of 3 yellow cards in Open Cup competition in one year (excluding 2 yellow cards received in the same match resulting in a red card), the individual shall be suspended for at least one Open Cup match.

(c) A suspension shall be served by the individual at the next Cup match or matches of the team of that individual. If the individual has no remaining Cup matches during the year, the suspension shall carry forward for up to the next ten year's Open Cup competitions (or twenty years in the case of suspensions imposed by the Adjudication and Discipline Panel) and be served at the individual's next Open Cup match for which he would otherwise be eligible.

(d) The Open Cup Commissioner shall review the circumstances concerning all red and yellow cards issued. If the Commissioner believes that the actions of the individual receiving the card or cards should be further reviewed to determine if a greater penalty than the minimum penalty should be imposed, the Commissioner will refer the matter to the Adjudication and Discipline Panel for further consideration. The Panel shall review a card matter referred to it and may impose a longer suspension period or impose a fine, or both.

Section 306. Protests and General Discipline

(a) A protest related to an Open Cup match must be filed in writing with the Open Cup Commissioner and delivered via hand-delivery, courier, certified mail, facsimile or electronic mail not later than 4:00 p.m. CT the day after the match. A cashier's check, money order or wire transfer for \$500 made payable to "USSF" must be received by 4:00 p.m. CT the second business day after the match. The Commissioner shall immediately refer the protest to the Adjudication and Discipline Panel for decision.

(b) Anyone may file a complaint with the Panel about an action or inaction of an Open Cup team, individual, or group or organization participating in the Open Cup competition. The Panel shall determine if the conduct complained of is or would be contrary to the good of the game. The Panel shall take action it considers appropriate in regard to anyone involved in the complaint as provided by subsection (c) of this section.

Section 306. Protests and General Discipline (cont.)

(c) Except for overturning match results or mandating a replay of a match, the Panel may take any action it considers appropriate, including suspension or fine, or both, for any matter considered by it under this policy. The Panel may only consider mandating a replay of a game or advancing a team that lost if a protest has been filed. The Panel may exercise discretion in cases where a team submits a protest to the Commissioner after the deadline has expired in the event that circumstances regarding the availability of information after the deadline warrant this discretion.

(d) A decision of the Panel under this policy is final and binding unless appealed to the Open Cup Committee. An appeal of a decision of the Panel must be filed in writing with the Open Cup Commissioner not later than 4:00 p.m. CT, of the day after receiving the decision of the Panel, accompanied by a cashier's check, money order or wire transfer of \$500 made payable to "USSF". The record on appeal is limited to the record before the Panel. A decision of the Committee about the appeal is final and binding.

(e) A party subject to a decision of the Panel or the Committee under this policy may not resort to the courts or other means for relief or restitution from the Federation. As a condition to entering or otherwise participating in the Open Cup, teams, players, and other individuals agree not to seek resort to the courts or other means for relief or restitution from the Federation.

(f) Where the matches are played solely under the auspices of, and delegated to, an Organization Member of the Federation, such as in any qualifying matches prior to Round 1 of the Open Cup, the protest or complaint shall be referred to the appropriate Council or Member's Competition Authority and shall be determined according to the Competition Authority's, Bylaws, Rules, Policies and Procedures then in effect.

Section 307. Forfeiture or failure to appear

If a team forfeits or fails to appear timely for a match, the team forfeits the match and must pay a fine that is at least equal to 3 times the entry fee of that team. The Adjudication and Discipline Panel shall determine the amount of the fine.

Section 308. Cancelled and Terminated Matches

(a) Only the Match Commissioner may declare a match cancellation. The Match Commissioner must consult with the teams' General Managers, the referees and a U.S. Soccer representative before any game may be cancelled.

(b) Every attempt shall be made to play the match irrespective of how long the delay. Postponements shall be considered only in extreme situations, such as those that are beyond the control of the participating teams or could endanger the safety of the participants and spectators.

Section 308. Cancelled and Terminated Matches (cont.)

(c) If a match is cancelled because of weather or other act of God, the match must be rescheduled for the next day unless mitigating circumstances prevent this. In the event that the game cannot be rescheduled for the next day and the teams involved cannot within 24 hours of cancellation reach agreement on a new match date that is within 7 days of the originally scheduled date, the Commissioner will set the date.

(d) If a match is terminated after the end of the first half of a match, but before the end of the second half with one of the teams winning, and the termination is not due to the conduct of one of the teams, the match is considered complete, and the team winning at the time of the termination shall be the winner.

(e) If a match has kicked off and is terminated prior to the end of the first half or is otherwise tied at the time of termination and the termination is not due to the conduct of one of the teams, the match shall be replayed in its entirety if the rescheduled date is three or more days following the originally scheduled date. If the rescheduled date is within two days of the originally scheduled date, the match shall be restarted at the point of termination.

(f) If a match is abandoned because of the conduct of a team in the match, the other team shall automatically be awarded a win and the team engaging in the misconduct shall be awarded a loss. If a game must be abandoned due to the misconduct of both teams, the referee will file a complete report and the status of the game will be decided by the Open Cup Commissioner. The Commissioner will immediately refer the matter to the Adjudication and Discipline Panel for a recommendation before issuing a decision.

ATTACHMENT A — U.S. OPEN CUP STADIUM REQUIREMENTS

All Open Cup Matches from Round 1 to the Final must guarantee:

- A playing surface of at least 68 yds by 110 yds Smooth, flat, and level playing surface with natural grass
- Clear and distinct field markings according to FIFA specifications
- Goal nets and corner flags
- Adequate lighting for night play
- Electronic scoreboard in working order that counts up to 45 minutes when possible
- Clear and audible public address system
- Team benches to accommodate 16 personnel per team
- Fourth official's table
- An enclosed stadium for controlled ticket access; adequate tickets sales staff, ushers, security
- Minimum seating capacity that is appropriate for the scheduled match/round.
- Press box areas w/ phone and fax capabilities to accommodate at least 20 media members
- Dressing rooms with working showers (either connected to stadium or in an adjacent structure) for teams, with an additional separate dressing area for the match officials
- EMS vehicle on site, or emergency response procedures written and distributed
- Flag of the United States displayed and United States National Anthem played
- Sufficient floodlights for TV broadcasts
- Suitable area to park TV production truck

The U.S. Open Cup Commissioner shall have the authority to waive or modify the stadium requirements for good cause, or may place additional conditions or requirements for hosting an Open Cup game.

U.S. Open Cup Commercial Guidelines

As both U.S. Soccer and participating clubs continue to invest resources into the development of the U.S. Open Cup, questions may arise regarding sponsorship, broadcast, intellectual property and other commercial matters. These U.S. Open Cup Commercial Guidelines were created to provide a set of parameters for clubs participating in the tournament to assist with your planning. While the guidelines provide a framework for operation, please do not hesitate to reach out to the contacts listed below with questions or ideas about how to maximize value around the tournament.

U.S. Soccer owns all sponsorship, broadcasting (over-the-air and cable television, radio, and internet) and new media rights for all rounds of the U.S. Open Cup but has mechanisms (such as the Broadcast Request Form on page 38 of this Handbook) in place should a U.S. Open Cup participant or third party wish to apply to broadcast any U.S. Open Cup match(es).

On a round-to-round basis for any U.S. Open Cup games clubs host, U.S. Soccer may grant to clubs field-level commercial rights. Examples of field-level rights include, but are not limited to, all signage within thirty (30) feet of the playing field, goals, corner flags, benches and bench shields (and any marks affixed thereto), medical bibs, ball kid selection and apparel, player escort selection and apparel, sideline beverages/equipment, substitution boards and match balls, all of which, if provided by U.S. Soccer, must be used for all U.S. Open Cup games.

U.S. Soccer owns all rights to its own intellectual property (IP) (examples below) as well as all such assets related to the U.S. Open Cup, with the exception of team IP. Approval must be secured from U.S. Soccer by any participant who desires to use the U.S. Open Cup logo or other IP for any purpose (including advertising, merchandise and game programs). Brand guidelines and various versions of the Lamar Hunt U.S. Open Cup logo can be found at the following web page:

<https://ussoccer.app.box.com/s/itbyc6yqh9e6dvv089dzvxp0c5yr9w6>

Examples of U.S. Soccer intellectual property include but are not limited to:

- Logos – Crest, U.S. Open Cup, Referee Logo, all individual elements of each logo and the Open Cup trophy.
- Name – “U.S. Soccer”, “U.S. Soccer Federation” or any abbreviations inferring identification with U.S. Soccer.
- National Team Player likenesses – Pictures of current and former Men’s and Women’s National Team members in uniform.
- National Team jersey – Artwork, including photographs, line art, artist renderings, etc., depicting the Men’s or Women’s National Team jersey.
- National Team footage and photography – Men’s, Women’s and Youth National team match or training footage, including video and audio.
- U.S. Soccer 90 Minutes Font.

Clubs may not use U.S. Open Cup IP or commercial assets such as field level rights in association with a third-party without first obtaining U.S. Soccer approval. Participating teams shall inform their commercial affiliates (i.e. local sponsors and partners) that no U.S. Open Cup IP, media or marketing rights are conveyed to them as a result of the team's affiliation with the U.S. Open Cup. With the exception of promoting a club's participation in the competition, a team's commercial affiliates are not permitted to identify with the U.S. Open Cup aside from direct affiliation with the team specifically. Examples of approved promotional messaging include: printed collateral, emails, email footers, social media messaging and in-stadium advertising.

Violations of these marketing rules may result in sanctions ranging from a fine to disqualification from the U.S. Open Cup or any other action as deemed appropriate by U.S. Soccer. Should you have any questions about commercial, IP or broadcast rights relating to the U.S. Open Cup, please contact the following:

- Broadcast and new media: Mike Gressle (mgressle@ussoccer.org)
- Sponsorship and field level: Steve Hoffman (shoffman@ussoccer.org)
- Logo usage: Kay Bradley (kbradley@ussoccer.org)

U.S. Open Cup Broadcast Request Form

U.S. Soccer controls all broadcasting rights in all formats (e.g. over-the-air and cable television, internet video streaming, over-the-air radio, internet audio streaming, mobile device, etc.) for the U.S. Open Cup. Any home or visiting team wishing to broadcast any Open Cup match it plays (including Play-In or Qualifying Round games) must complete and submit this form to be awarded permission to broadcast for a specific event. Separate requests must be submitted for each match.

In exchange for granting permission, U.S. Soccer may require a rights fee, promotional mentions during the broadcast, minimum broadcast technical standards, use of opening/closing/event/score graphics and recorded sequences (video or audio) provided by U.S. Soccer, a restriction on broadcast sponsors that conflict with U.S. Soccer sponsors, and/or other consideration.

Any team found to have conducted a broadcast of an Open Cup game without U.S. Soccer's express written permission is subject to sanctions ranging from a letter of reprimand and/or a fine to disqualification from the U.S. Open Cup or any other action as deemed appropriate by U.S. Soccer.

To request permission to broadcast, please complete the form below and submit it at least fourteen (14) days prior to the anticipated event via email to opencup@ussoccer.org. U.S. Soccer will reply at the earliest possible opportunity. If granted, permission will be communicated in writing.

Team Responsibilities for Open Division Qualifying Rounds

The responsibilities for home teams during Open Division qualifying rounds are as follows:

- a. Provide a field with minimum dimensions of 100 yards in length and 65 yards in width, marked in accordance with the FIFA Laws of the Game in effect at the start of the qualifying competition.
- b. Provide regulation-size goals with properly anchored nets.
- c. Provide regulation-height corner flags properly positioned.
- d. Provide a field that may be either natural grass or artificial turf, but must be safe to play on. The referee assigned to any particular qualifying match will be the final judge as to the safety of the playing surface.
- e. Provide at least three properly-inflated, regulation balls in good condition to the officiating crew to serve as match balls.
- f. Pay the officiating crew at the end of the match per the form on page 42 of the Open Division Handbook.

Both teams must arrive at the field location at least 60 minutes prior to kickoff. Official lineups are to be exchanged between the teams and given to the referee at least 30 minutes prior to kickoff.

To the extent that Open Division teams can host their matches per the operational list on the following two pages for the Open Cup tournament proper, the tournament will be better served.

Home Team Responsibilities for Tournament Proper

The responsibilities listed in this section relate to games in the Open Cup tournament proper. Please see the preceding page relating to responsibilities for Open Division qualifying rounds.

Home teams for Open Cup games have specific duties and responsibilities. Teams who apply to host implicitly agree to fulfill the staffing and operational requirements for hosting as detailed in this section of the Handbook. **If your league has declared your team or facility exempt from any of the minimum standards for regular season play, this does not mean that the team or facility is exempt for Open Cup matches.** The Open Cup Commissioner has the authority to waive or modify the stadium requirements for good cause, or may place additional requirements for hosting an Open Cup game. **Teams that violate these minimum requirements will be subject to fines and/or match forfeiture.** U.S. Soccer match commissioners, appointed by U.S. Soccer to observe and inspect the activities of a particular match, will enforce these requirements.

If you have questions regarding the following minimum requirements, please contact the Open Cup Commissioner or the Competition Coordinator.

When your club has been designated as the home team, you must contact your opponent's travel coordinator within one day of knowing the team you will be hosting and help arrange for reasonably priced and adequate hotel accommodations, as well as ground transportation, if needed.

Note: Each home team will be responsible for paying a Hosting Fee to U.S. Soccer based in part on gross ticket sales (including sales from any suite, club and other premium-seat tickets). Any assessments imposed by leagues sharing in season ticket revenues allocated to Open Cup games, sales taxes, commissions, management fees and other operational expenses are not deductible in determining the basis for Open Cup gross ticket revenue. The fee and a report detailing the fee's calculation will be due within seven (7) days following the event, regardless of any circumstances (e.g. stadium has not yet settled with home team). Failure to submit the required report and/or fees owed on a timely basis may result in a ban on hosting future matches until documentation has been submitted and accounts are current.

Game Day Staff Requirements

- Director of Game Day Operations
- Press Box Supervisor
- Public Address Announcer
- Locker room attendants for both home and visiting teams
- Adequate security for players, coaches, referees, and spectators
- Certified trainer on-site
- Licensed physician on-site
- Ambulance with trained emergency response crew on-site
- Ball persons (at least six, 11 years of age or older, two on each sideline and one behind each goal)
- Liaisons as outlined below (see next page)

Required Liaisons

Home teams must appoint liaisons to look after the needs of the visiting team, the match referees, and the match commissioner. The liaisons must be responsible for the following:

- **Match Commissioner Liaison:** Match commissioners are appointed by U.S. Soccer to review whether the facility meets the minimum standards, to observe and inspect the activities of the match assigned, and to answer any questions the teams may have regarding Open Cup rules. The liaison will contact the match commissioner and give directions and/or provide transportation to the facility where the match will be played. The liaison must give the commissioner a tour of the facility at least two hours before the match. U.S. Soccer is responsible for all match commissioner fees and reimbursements.
- **Referee Liaison:** Referees have been instructed to officiate the game according to the FIFA Laws of the Game. Any special circumstances should be brought to their attention before the match, and they should be escorted to and from the dressing rooms.
- **Visiting Team Liaison:** The visiting team liaison will see to the needs of the visiting team for all Open Cup games. The liaison should meet the visiting team at the airport or at the team hotel prior to the game. The liaison will supply the visiting team with information pertaining to practice times and facilities, directions to the stadium, and the logistics of the Open Cup game (kickoff time, pre-game instructions, etc.).

Game Day Responsibilities

- Meet match commissioner two hours before the match and provide a brief tour of the facility.
- Contact visiting team at least two hours before game time. The visiting team liaison should meet the visiting team (at either the airport or at the visiting team's hotel) and escort them to the stadium. The visiting team must reach the stadium at least 90 minutes prior to game time.
- Home team must arrive at the stadium at least 90 minutes prior to game time.
- Deliver home team and visiting team rosters to the match referee 60 minutes before kickoff.
- Provide visiting team with game timeline including instructions on how and where to line up for introductions, pre-game ceremonies, etc.
- Provide ice and water at both benches, in both changing rooms, and in the referee changing room. Water should be replenished on request or at halftime.
- Provide the visiting team with 27 towels (and 4 to the referees), plus soap and shampoo, in their locker room.
- Provide substitution cards to the fourth official.
- Supply at least eight (8) fully inflated practice balls to each team and eight (8) game balls to the referees, all balls being the same model.
- Supply the visiting team with 40 complimentary tickets, if requested.
- Supply the referees with two (2) complimentary tickets each, if requested.
- Record the game on video and send a DVD or other electronic copy to U.S. Soccer for delivery the day following the match. In the event of an incident at the match, the Commissioner will review the video immediately.
- Pay the referees and reimburse them for their expenses at the completion of the match. Make copies of the referee payment form found elsewhere, ask each member of the referee crew (excluding the assessor) to fill out a form and return to the team for payment/reimbursement. The completed form will serve as a receipt.
- Email stat sheet to U.S. Soccer immediately following the game to opencup@ussoccer.org.

Stadium Requirements

Please see the list of Stadium Requirements (part of the U.S. Open Cup Policy). Proposed stadiums with an artificial surface will be reviewed on a case-by-case basis.

U.S. Open Cup Referee Payment Form (cont.)

2021 Version – For Reference Only

2021 Referee Fee Schedule (Round of 16 to Final): As a result of collective bargaining between the Professional Referees Organization (PRO) and the Professional Soccer Referees Association (PSRA), rates have been determined for U.S. Open Cup matches from the Round of 16 to the Final per the following schedule:

Referee:

<u>Experience Level</u>	<u>2021 Rate</u>
0 to 30 MLS regular season matches as Referee	\$983.90
31 to 60 MLS regular season matches as Referee	\$1,045.39
61 to 100 MLS regular season matches as Referee	\$1,106.89
101 or more MLS regular season matches as Referee	\$1,229.88

Assistant Referee:

<u>Experience Level</u>	<u>2021 Rate</u>
0 to 20 MLS regular season matches as Assistant Referee	\$676.43
21 to 40 MLS regular season matches as Assistant Referee	\$830.16
41 to 75 MLS regular season matches as Assistant Referee	\$922.40
76 to 149 MLS regular season matches as Assistant Referee	\$1,014.64
150 to 199 MLS regular season matches as Assistant Referee	\$1,045.39
200 or more MLS regular season matches as Assistant Referee	\$1,106.89

Fourth Official:

<u>Experience Level</u>	<u>2021 Rate</u>
Full- and Part-Time Referees (regardless of game count)	\$430.46
0 to 20 MLS regular season matches as Fourth Official	\$430.46
21 to 40 MLS regular season matches as Fourth Official	\$491.95
41 to 75 MLS regular season matches as Fourth Official	\$522.69
76 or more MLS regular season matches as Fourth Official	\$553.44

Fifth Official (Open Cup Final only):

<u>Experience Level</u>	<u>2021 Rate</u>
All experience levels	\$245.98

2022 LAMAR HUNT U.S. OPEN CUP

TEAM ENTRY & INFORMATION FORM

(For Teams Entering Through Open Division Local Qualifying Track)

OVERVIEW: The Lamar Hunt U.S. Open Cup is U.S. Soccer’s National Championship tournament. First played in the 1913-14 season within months of U.S. Soccer’s formation, the competition returns for its 107th edition in 2022 after missing the last two years.

As its name suggests, the tournament is open to all U.S. Soccer-affiliated teams, both pro and amateur. More specifically, any team in a regular league competition comprised of at least four teams, each playing at least 10 league games each year and whose club or league belongs to an Organization Member of U.S. Soccer, is eligible to enter. All independent Division I (Major League Soccer), Division II (USL Championship) and Division III (National Independent Soccer Association and USL League One) pro teams are required to participate. All other teams looking to play enter through the Open Division. The Open Cup is perhaps the only high-profile competition in American team sports where amateur sides have the opportunity to face pros in meaningful competition.

Teams entering the 2022 Lamar Hunt U.S. Open Cup must complete the form below and submit it with the required entry fee.

ENTRY FEE: \$1,200.00 (includes \$1,000.00 refundable Performance Bond), payable via check made out to U.S. Soccer

ENTRY FEE: \$200.00 (already paid to U.S. Soccer by the team's league on behalf of the team) **plus a \$1,000.00 refundable Performance Bond**, payable via check made out to U.S. Soccer.

REQUIREMENT FOR FORM AND FEE: For leagues who elect to have their teams enter the 2022 Lamar Hunt U.S. Open Cup via the National Leagues track of Open Division qualifying, 2021 league results are used to determine the clubs advancing to the Open Cup tournament proper, thus bypassing the local qualifying process. Submission of this form properly registers the team to take part in the 2022 competition should the team qualify. Upon confirmation that a team has qualified based on the league's qualifying method, the tournament organizers will distribute the Finalists' Edition of the 2022 Lamar Hunt U.S. Open Cup Handbook to the contacts listed on this form.

Note: After submitting this form, please communicate any changes to the data requested to opencup@ussoccer.org.

I am hereby authorized to submit this Team Entry & Information Form on behalf of my team and agree to the terms set forth by U.S. Soccer as detailed in the tournament Handbook for participation in the Lamar Hunt U.S. Open Cup and as may be communicated by U.S. Soccer after this Team Entry & Information Form has been submitted.

2022 LAMAR HUNT U.S. OPEN CUP VENUE DECLARATION FORM

(For Teams Entering Through Open Division Local Qualifying Track)

Team Name: _____

Primary Contact/Title: _____ Phone: _____

Email address: _____ Mobile: _____

RATIONALE:

In an effort to streamline the evaluation and selection process for potential venues and to allow for a more efficient management of the competition, U.S. Soccer has developed this Venue Declaration Form. Teams participating in the Open Cup may choose up to two venues in which to host games during the local qualifying rounds of the tournament. The venue(s) must be declared by the deadline listed below. The information requested here can be classified into two general areas: 1) Venue name, location and contact data; and 2) information relating to venue infrastructure.

INSTRUCTIONS:

1. Complete the form below (please PRINT or TYPE) based on the number of venues your team wishes to consider utilizing for home games.
2. Have the form signed at the bottom of the next page by the primary contact listed above.
3. Submit the form so that U.S. Soccer receives it by **MONDAY, AUG. 9, 2021 at 2 P.M. CT**. Form can be emailed to opencup@ussoccer.org or mailed together with Entry Fee payment and Team Entry & Information Form.
4. Teams who do not submit a Venue Declaration Form by the deadline will not be eligible to participate in any round of Open Division qualifying.
5. Once the Venue Declaration Form has been submitted, the team is responsible for informing U.S. Soccer of any material change(s) by submitting an updated form.
6. Include correct email address. Much of the tournament information will be sent via email.

Signature: _____ Date: _____

Note: The Commissioner shall have the authority to set outside of the confirmed schedule the date for any match if such a change is in the best interests of the tournament.

PLEASE EMAIL COMPLETED FORM TO opencup@ussoccer.org

DEADLINE: MONDAY, AUG. 9, 2021 at 2 P.M. CENTRAL TIME

OVERVIEW:

Any team who may participate in the First, Second and/or Third Qualifying Rounds must complete and submit this Home Game Application Form by the deadline listed in the instructions. For each round, the applicant must nominate a specific venue whose availability on the preferred match date and the following date (in the event a rescheduled match is required) has been previously confirmed. A team may only choose from among those venues named on the team’s Venue Declaration Form.

INSTRUCTIONS:

1. Complete the team and contact information on the form (please PRINT or TYPE).
2. Nominate a venue for each round of games. A team may only choose from among those sites named on the team’s Venue Declaration Form.
3. Submit the form so that U.S. Soccer receives it by **MONDAY, AUG. 9, 2021, at 2 p.m. Central Time**. Form can be emailed to **opencup@ussoccer.org**. Each team submitting this form implicitly agrees to fulfill the home team responsibilities listed elsewhere in this Handbook or communicated otherwise by U.S. Soccer.
4. A team who does not submit this form by the deadline will not be eligible to participate in the 2022 Open Cup.
5. A team may adjust until the deadline any Home Game Application Form initially submitted. After the deadline, the date, location and time for any qualifying round game should not change except in the case of a force majeure event.
6. Please include a correct email address. Much of the tournament information will be sent via email.

—END—

Travel Reimbursement Policy for Local Qualifying Rounds

For the local qualifying rounds of the Lamar Hunt U.S. Open Cup, each visiting team is responsible for covering its own travel-related costs. In cases where travel is more than 300 air miles away and travel by plane is desirable, U.S. Soccer is able to subsidize a portion of airfare expense as follows:

- Visiting team is responsible for first \$100 of each round-trip airfare
- U.S. Soccer will cover up to the next \$250 of each round-trip airfare for a party of up to 20 people
- Visiting team is responsible for any amounts above \$350 per airfare unless special dispensation has been provided by U.S. Soccer
- **MAXIMUM SUBSIDY PROVIDED BY U.S. SOCCER: \$5,000 (20 fares at \$200 each)**

All airfare subsidy requests must be approved in writing by U.S. Soccer in advance of the visiting team purchasing tickets in order for the subsidy to be granted.

Note: In some cases, extensive travel and related expense may be required even though attempts are made by U.S. Soccer to minimize travel distances in each round.

U.S. Soccer suggests that teams entering through Open Division local qualifying review the 2021 Lamar Hunt U.S. Open Cup Handbook (Finalists' Edition) to become familiar with the travel arrangement policies and reimbursement limits involved when advancing to the First Round. The 2022 Finalists' Edition of the Handbook will be distributed in early 2022.

U.S. Open Cup Travel Itinerary Information Form

RATIONALE:

In an effort to keep track of the whereabouts of teams competing in the tournament, U.S. Soccer has developed this Travel Itinerary Information Form. Upon finalization of its arrangements, visiting teams should complete and submit this form to U.S. Soccer by emailing to opencup@ussoccer.org.
